COMPASSION EVANGELICAL HOSPITAL GUINEA, WEST AFRICA

Overview.

CEF is a developing, nationally-run, full service hospital at the crossroads of central Guinea, with an emphasis on quality care and evangelism. While participating in rounds, clinic and surgery (based on level of training), volunteers will see tropical medicine, pediatrics, some OB/GYN, and surgery as given in a rural African hospital. Our one US staff pediatrician serves alongside our mostly francophone African staff. We serve with compassion and medical competence, praying with patients and staff, sharing our testimony when invited, and occasionally teaching or preaching.

Website.

ELWA HOSPITAL

MONROVIA, LIBERIA

Overview

ELWA is a small full service hospital providing care and treatment to a population with a significant number of HIV+ clients in suburban Monrovia. We use a Family Medicine approach to care, busy obstetric and surgical services. Students and Residents will join in staff devotions, make rounds on inpatients, see patients in the clinic and emergency room, participate in surgery, and take call with missionary physicians providing back-up and mentoring. This is a good opportunity to learn ultrasound and surgical skills.

Opportunities

Four to eight week opportunities are available for students in their final year of professional school, residents and fellows.

Specialties needed: chaplaincy/counseling, dentistry, family practice, internal medicine, OB/GYN, pediatrics, pharmacy and surgery.

Daily Cost: No information given

HIS HOUSE OF HOPE

YEI, SOUTH SUDAN

Overview.

His House of Hope is a 25 bed secondary level referral hospital dedicated to the medical and spiritual care of women and children and to the training and empowerment of medical professionals in South Sudan. We aim to contribute, as God enables and guides, to the rebuilding of the new nation of South Sudan and welcome those with a similar heart and conviction. Volunteers will work with Sudanese and international health professionals; gaining practical experience in pediatric, medical, pre-natal, and intra-partum care and an integrated approach to medical missions. Volunteers will attend daily staff devotions, pray for and with patients, participate in church and outreach programs linked with the hospital while humbly serving and reflecting the character of Jesus in one's daily duties.

Opportunities.

Opportunities are available for college and professional school students, residents and fellows.

HOSPITAL DE MESKINE

MAROUA, CAMEROON

Overview.

De Meskine is a 100 bed referral hospital for Far North Province in rural Cameroon. The hospital has adult, pediatric and OB/GYN wards, a surgical suite and weekday clinics. Evangelism and healthcare are integrated with Cameroon staff and missionary teammates to provide tropical medicine in Sub-Saharan Africa. In 2012, we had 44,000 clinic visits, 4,400 inpatient admissions, 2400 surgical cases and 576 deliveries. Volunteers are encouraged to participate in bedside prayer and weekly prayer rounds.

KAROLYN KEMPTON MEMORIAL CHRISTIAN HOSPITAL

ADETA, TOGO

Overview.

KKMH is a 50 bed referral hospital in the southern third of Togo that provides services for much of Togo and surrounding countries. Services include inpatient medical, surgical, peds, OB/GYN, a busy OP clinic, Community Health Evangelism, and possible Mobile Medical Clinics. Volunteers will participate in hospital rounds/on call, OP clinic, and surgery (if desired) and have the opportunity to visit local churches and be involved in various non-medical ministries. We try to share the Gospel with every patient that comes to the hospital or clinic. Each year we see over 2,500 professions of faith (not necessarily decisions) at the hospital and clinic.

Opportunities.

A minimum of four weeks for final year professional students (nursing, pharm, PT, etc.), residents, and fellows

RIO DA HUILA HOSPITAL

LUBANGO, ANGOLA

Overview.

The Rio de Huila Hospital wants to show the local people there is Hope and Care for them. We provide primary healthcare and care for tuberculosis patients in rural Angola at Rio de Huila Hospital. You will experience life in rural Angola, working alongside local Angola staff in very basic conditions among the Mumuila people. Daily the hospital team starts with a devotional and praise service. Students are welcome to share their personal faith story with staff and patients. There are opportunities for youth and children's ministry, educational tutoring, crafts/trade skills workshops as well as opportunities to visit homes, and participate in small Bible studies and prayer.

ABWE-UKRAINE MEDICAL MINISTRY

ODESSA, UKRAINE

Overview.

Mobile primary care outpatient clinics are held in villages around Odessa along with a children's after-school program. Participants will be part of a visiting North American team that may include dentists or ophthalmologists, primary care physicians, FNP's, nurses, pharmacists. Depending on their level of training, participants will assist in registration and triage, dispensing of medicines, patient evaluation and treatment, and home visits. Each clinic day begins with a short service to sing and pray together, and to preach the Gospel. All day we seek God's leading for sharing the gospel with interested patients as we demonstrate Jesus' compassion in caring for physical needs.

HEALTH ENVIRONMENTAL & LEARNING PROGRAM H.E.L.P NEPAL

Overview.

H.E.L.P. is a Christian community health program in the Himalayas focused on church planting through agriculture, animal husbandry, economic improvement, health, environment, and literacy. Run completely by local Christians, participants have the opportunity to learn first-hand how a nationally-run organization started by tentmaker missionaries can be run by nationals, completely changing the face of a country. A participant's experience will be focused more on exposure to true community development rather than patient experiences, as they share with children in the orphanage and teach local believers.

Website.

www.missionforhelp.org

Opportunities.

Four week opportunities focusing on community health and development are available for students in professional school at entry level, residents, and fellows.

PRESBYTERIAN MEDICAL CLINIC

COROZAL TOWN, BELIZE

Overview.

The Presbyterian Medical Clinic is a primary care outpatient clinic serving the working poor in northern Belize near Mexico's border, a Spanish and English speaking area. Volunteers will have the opportunity to sharpen their diagnostic and therapeutic skills by providing acute and chronic illness management as well as dermatology, ortho and gyne office procedures. Volunteers will also minister spiritually as they work in the clinic, make home visits in the community, and worship with the local church family. Other opportunities include getting to know and pray with patients and presenting the gospel, if so led. Home visits also constitute much of our outreach to the elderly and infirm.

CURE is a network of charitable hospitals and surgical programs delivering life-changing care and the good news of God's love to children and families with treatable conditions. Cure strives to heal the sick and proclaim the kingdom of God. Volunteering with CURE will give you first hand medical experience as well as social, cultural, emotional and spiritual insight into a patient's life. This is truly a life changing experience for you and those you will serve. You will see God at work and be a part of changing children's lives! You will have the opportunity to pray with patients before surgery, hold babies, and encourage care takers, staff and much more.
