The Sheltered Guide 06/10/2021

Hello Alliance Members!

As we enter the summer season, we are excited to share the new topic of **Trust-Based Relational Intervention (TBRI)**. TBRI is a model designed for caregivers to build trusting relationships with survivors. Before we dive into how to implement forms of TBRI, let's learn more about the foundation of this trauma-informed approach.

- **Trust-Based Relational Intervention** (Karyn Purvis Institute of Child Development, 2017) This is a great animated introduction video to the TBRI approach.
- **TBRI Approach to Developmental Trauma** (Karyn B. Purvis , David R. Cross , Donald F. Dansereau & Sheri R. Parris, 2013) This resource is an in-depth review of TBRI and its application to children in the transitional phases of their lives after trauma.
- **TBRI Podcast** (Karyn Purvis Institute of Child Development, 2021) This is a wonderful episode discussing the elements of trauma-informed care.
