PROTECTOR
\$1,000

A message from FBSN's President, Carl Chinn...

Across the United States, individuals are stepping up to protect their friends and family in their houses of worship.

The FBSN is a Christian-Based professional membership association dedicated to enhancing the professionalism and connectivity of ministry security operators along with supporting ministry leaders, law-enforcement, and first responders, plus professional affiliate providers of products and services.

The FBSN conducted the first annual SOS (Security Operations Summit) in 2018. Many who were in attendance that first year have never missed a year since.

Participants come from coast to coast and from more states than the years prior. We are hoping to reach forty states at SOS.24. Attendees gain verbal de-escalation, executive protection, legal, child protection and many other essential skills and concepts needed in this great endeavor to keep our faith based organizations safe and secure.

Please consider this invitation for your participation and/or support of SOS.24, and help us equip Church Security Operators to protect their ministries.
