\*In Florida, a constitutional amendment requires 60% to be approved.

**What do these election results reveal about the Americans who voted:**

- Nationwide, the majority of Americans have enough discernment to know that we were safer, happier, and more prosperous during the first Trump Administration, *may* be pro-life, and recognize the disaster of leadership and policy under the current administration;
- Nationwide, 72.4 million (48%) Americans believe it is okay to murder an innocent baby in the womb, which was Harris/Walz number 1 policy goal;
- In 9 of 10 States, when the question of a so called “right to abortion” was put before the people (some of whom were deceived by misleading ads or wording), between 49 and 75 percent of the people supported killing preborn babies with no limitations.
- Nationwide, between 1 of every 2, and 3 of every 4, American voters support slaughtering preborn babies in the womb with no restrictions, even up to birth.

Think about this! This is the state of our nation!

What can be done to reverse this current reality? I’ll begin to address that in coming weeks.

---

**PRAY** for our nation to return to GOD and cherish human life once again.

For the LORD, the sacred gift of life, and remembrance of the babies,
